Sumit Patanwal

Frontend & AI-Augmented Engineer · React Native · React.js · Agentic Workflows · MCP

sumitpatanwal10@gmail.com | +91 7011493924 | sumitp-dev.github.io | New Delhi, India

PROFESSIONAL SUMMARY

Frontend & AI-Augmented Engineer with 1.6+ years of experience building production-grade fintech applications using React Native and React.js. Skilled in end-to-end feature delivery — UI development, REST API integration, Redux state management, KYC flows, and user onboarding. Actively applies AI engineering practices in daily workflows: designing agentic pipelines with Claude Code, configuring MCP server integrations for automated task execution, and orchestrating AI-driven development workflows — making me equally suited for AI Engineer and Frontend roles.

WORK EXPERIENCE

Associate Software Developer (Frontend) · Flexypay Solutions

January 2025 – Present · Full-time · New Delhi, India

React Native — Mobile Application

- Owned the complete frontend of a credit card payments app end-to-end — card issuance, transaction processing, payment gateway integration, and real-time balance updates, from Figma to production as the sole developer.
- Built secure user authentication and KYC verification flows enabling compliant cardholder onboarding in line with financial regulatory requirements.
- Implemented Redux for centralised global state management — handling auth state, card data, wallet balances, transaction history, and shared user session across the entire app.
- Developed credit card bill payment flows, beneficiary management screens, and digital wallet top-up features ensuring seamless card-linked spending experiences.
- Engineered AI-assisted design-to-code pipelines via MCP server configurations — architected automated screen scaffolding, agent-driven task delegation, and agentic workflow orchestration, reducing manual boilerplate and accelerating feature delivery cycles.

React.js — Admin Portal

- Sole frontend developer for the full-featured fintech admin portal over 12+ months — Cards, Payments, KYC, Wallets, and Authentication modules integrated with NestJS backend APIs.
- Applied Redux for scalable global state management; managed full development lifecycle using Jira, Confluence, and Bitbucket PR-based code reviews.

Web Development Intern · Flexypay Solutions

September 2024 – December 2024 · Internship · New Delhi, India

- Developed dashboard screens and admin portal pages in React.js; applied Redux for auth tokens, user profiles, and dynamic UI state.
- Gained end-to-end understanding of the React ↔ NestJS ↔ MySQL request-response flow by analysing how mobile app and admin portal communicate via shared backend APIs.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript (ES6+), React.js, React Native, Redux, Tailwind CSS, Material UI, Bootstrap
Backend	Node.js, NestJS — RESTful API design, full-stack integration patterns
Databases	MySQL, Sequel Ace (GUI Client)
Tools	Git, Bitbucket, Postman, Figma, Jira, Confluence
AI & Automation	Claude Code (agentic code gen, context-aware refactoring, task execution), Cursor IDE, MCP server design & integration
AI Concepts	Prompt engineering, agentic workflow design, LLM tool-use, agent-driven task delegation, AI-assisted SDLC
Fintech Domain	Credit Card Payments, KYC & Compliance, Digital Wallets, UPI Integration, Payment Gateway, Secure Auth

EDUCATION

B.Sc. Life Sciences	Deen Dayal Upadhaya College, Delhi University	2016 – 2019
Intermediate (XII)	Govt. Sarvodaya School, Paschim Vihar	2016
Matriculation (X)	Govt. Sarvodaya School, Paschim Vihar	2014

INTERESTS & ADDITIONAL INFORMATION

Keen interest in AI-augmented development practices and how intelligent tooling, automation frameworks, and agentic workflows are reshaping modern software engineering. Actively explores ways to delegate repetitive development tasks to AI agents, enabling faster problem-solving and continuous skill growth through execution rather than passive learning. Views AI-assisted development as a fundamental shift in developer productivity and a core professional competency. Outside of work: Badminton and Football.
